ARTICLE 1 — NO REPRISAL

- A. There shall be no reprisals of any kind against any student, parent, community member, the OEA, the SEA, or members of the bargaining unit, by the Board of Education or Administration because of support for, or participation in, strike-threat activities prior to the strike, during the negotiations process, or for any activities associated with the strike.**
- B. There shall be no reprisals by the SEA or OEA, its members or members of the bargaining unit, against the Board of Education, Board members, administration, students, teachers, parents, or community members who attended school, worked, and/or supported the Board of education during the negotiations process.**

ARTICLE ~~1~~2 – RECOGNITION

- A. The Strongsville Board of Education, hereinafter “Board,” recognizes the Strongsville Education Association, hereinafter “Association,” as the sole and exclusive representative for teachers within the District. “Teacher” shall mean those full and part-time certificated/licensed personnel (including Building Assistant Teachers) who are employed under a teacher’s contract, but excludes casual substitutes, the Superintendent, all Assistant Superintendents, Directors, Principals, Associate Principals, Assistant Principals, Supervisors, Athletic Director, home instruction tutors, and all other certificated/licensed employees who are devoting full or part time to managerial or supervisory duties as defined in ORC 4117. Additionally, if any certificated/licensed employee holds a part-time administrative position during the regular school year that is excluded from the bargaining unit, his/her individual teaching position shall also be excluded from the bargaining unit. A part-time teacher shall mean a teacher whose contract requires him/her to work fewer than seven and one-half (7 ½) hours per day. Hereinafter, all bargaining unit members shall be referred to as “teachers.”
- B. The Board and the Association agree that teachers have the right to join or not join any teacher organization.
- C. Teachers on officially-approved leaves of absence shall be considered members of the bargaining unit.

ARTICLE ~~2~~4 – LONG-TERM SUBSTITUTE TEACHERS

- A. A substitute teacher becomes a long-term substitute teacher upon the earliest of: (1) at least sixty (60) days in the same assignment during a school year, or (2) being issued a long-term substitute teacher contract, or (3) being in an assignment due to a leave that has been granted for at least sixty (60) days. A long-term substitute teacher ~~may~~**shall not** be re-employed as a long-term substitute teacher for ~~an unlimited number of consecutive years~~**more than one year without being offered a limited teaching contract.**

- B. The employment of a long-term substitute teacher shall be for the period specified in the limited substitute teaching contract, which contract will automatically expire at the end of that school year without the need for action by the Board.
- C. Except as otherwise provided in this Article, all other provisions of the Agreement (including all insurance coverages) shall apply to long-term substitute teachers.
- D. The provisions of Article 5 (Teacher Evaluation), Article 6 (Termination or Non-Renewal of Contract), Article 10 (Reduction in Force), Article 13A and 13C (Transfer), Article 14.B (Sick Leave Bank), Article 25 (Voluntary Professional Growth), Article 33 (Severance), Article 35 (Salary), Article 37 (Merit Incentive for Attendance Award), and ORC Sections 3319.11, 3319.111, and/or 3319.17 do not apply to long-term substitute teachers.
 - 1. A long-term substitute teacher will be paid at the BA-0 step of the salary schedule and be paid the STRS pick up on the pick up regardless of the number of years in a long-term substitute teaching position.
 - 2. The evaluation process will be determined by the administration and will include at least one observation annually by the administration.
- E. For purposes of salary placement, a long-term substitute teacher with one hundred twenty (120) or more days of service in the District who subsequently is hired into a regular teaching position will be credited with a full year of service for each such year of substitute teaching subject to Article 35 (Salary). For purposes of seniority, the teacher would accrue seniority as of the date the teacher is hired into a regular teaching position.

ARTICLE 3-5 – NEGOTIATIONS PROCEDURES

Unless otherwise agreed, the following shall apply:

- A. Areas for discussion and agreement:
 - 1. The negotiations teams shall bargain collectively to determine matters pertaining to wages, hours, or terms and other conditions of employment, and the continuation, modification or deletion of an existing provision of the Agreement.
 - 2. The Board retains and reserves those rights of management as set forth in ORC 4117.08.C.(1-9).
 - 3. The Board and the Association recognize that the Board is the legally constituted body responsible for the determination of policies covering all aspects of the District. All members of the negotiations teams are obliged to conduct such negotiations in good faith.
 - 4. The first negotiations meeting shall be held no later than the month of April of the year of expiration of the Agreement. During such meeting, initial proposals shall

be exchanged. Thereafter, no new items may be added unless by consent of both parties. At this first session, rationale for proposals are given by each negotiations team. This shall be the start of the formal negotiations. Representatives of the Board shall meet with designated representatives of the Association to negotiate in good faith. Representatives shall be limited to five (5) representatives of the Board and five (5) representatives of the Association. While no final agreement shall be executed without ratification of the Association and the Board, both negotiations teams will be clothed with all necessary power and authority to make proposals, consider proposals, and make concessions in the course of negotiations.

5. Negotiations meetings shall be mutually agreed upon by both negotiations teams. If mutual understanding and agreement is not reached in the initial meeting, subsequent meetings shall be held at times mutually agreeable to both negotiations teams. The administrative team will hold separate meetings and confer as necessary with the Board, and the teacher team will hold similar meetings with the members of the Association.
6. The Board and the Superintendent/designee will make available to the Association on request, at no cost, and in reasonable time both prior to and during negotiations, all public records which are pertinent to negotiations issues but which do not violate the confidentiality of an individual. The Association will furnish all available information on its proposals to the administrative team to support the Association's proposals.
7. Either negotiations team may call upon competent professional and lay representatives to consider matters under discussion and to make suggestions. Consultants may be used by either team, but when a consultant is coming to the negotiations table, advance notice shall be given to the other party. Said individuals may be used in a caucus but shall not be members of the negotiations team.
8. The chief spokesperson of either negotiations team may recess his/her team for independent caucus at any time. Caucuses shall not exceed one-half (1/2) hour unless by mutual agreement of both negotiations teams.
9. No action to coerce, censor or penalize any negotiations participant shall be made or implied by either the Board or the Association.
10. The content of negotiations sessions shall be confidential, and no individual member of either negotiations team may reveal the discussions which occur in the sessions. When either negotiations team determines that it must release its information to its constituency, such release shall be done in good faith.
11. As negotiations items receive tentative agreement, they shall be reduced to writing and initialed by each chairperson of the respective negotiations teams.

B. Agreement

When tentative agreement is reached on all negotiations issues between the Board and Association negotiations teams, the Association's negotiations team shall recommend adoption of said tentative agreement to the Association's general membership. Upon affirmative ratification of the Association's general membership, the Board's negotiations team shall recommend adoption of said tentative agreement to the Board. Upon affirmative ratification of the Board, such Agreement shall become effective upon the signing by the official designated parties representing the Board and the Association.

C. Disagreement

1. Every effort shall be made to conclude negotiations within twenty-five (25) calendar days; however, this timeline may be extended by mutual agreement of the parties. If negotiations have not been concluded by that time, unless the parties agree to mutually extend the timeline, the parties shall jointly request the Federal Mediation and Conciliation Service (FMCS) to appoint a federal mediator for the purpose of assisting the parties in reaching an agreement. Unless the parties mutually agree to continue mediation, this process shall conclude on the date the Agreement expires for the purpose of ORC 4117.14(D)(2).
2. The parties mutually agree to waive any statutory dispute settlement procedure and further agree that the process above constitutes the parties' mutually agreed upon dispute resolution procedure and shall take precedence over any inconsistency with or alternative procedure set forth in ORC 4117.14. The parties retain any other rights afforded them under ORC 4117.14.

D. Alternative Procedure

The parties shall meet at least six (6) months prior to the expiration of the Agreement to discuss and decide whether an alternate negotiations procedure (e.g., Interest Based Bargaining) shall be used instead of the traditional procedure described above. If an alternative negotiations procedure is agreed upon by the parties, ground rules will be established and Article 3.A.4 shall be waived.

E. Interim Negotiations

1. **Upon mutual agreement of both parties to negotiate during the term of this Agreement and in accordance with Section 4117.08 of the Ohio Revised Code, negotiations shall begin within ten (10) calendar days after either the Board or the Association requests, in writing, to negotiate. In the event the parties fail to reach agreement within twenty (20) calendar days after the first negotiations session, the parties agree to contact the Federal Mediation & Conciliation Service (FMCS) for assistance in resolution of the disagreement. This mediation is the parties' mutually agreed to dispute resolution procedure which supersedes and takes precedence over any inconsistency or alternative procedure set forth in Section 4117.14 of the Ohio Revised Code.**

2. **If agreement is not reached within twenty (20) calendar days after the first mediation session, the provision of ORC 4117.14(D)(2) shall apply.**

ARTICLE 4-6 – GRIEVANCE PROCEDURE

The Representative Council shall be convened to hear the grievance appeal ~~as soon as possible~~ **within ten (10) work days**. Only the Association may advance any grievance to arbitration. For any grievance being advanced to arbitration, the Association shall notify the Superintendent/designee within ~~fifteen (15)~~ **thirty (30) work** days of the Level IV disposition that the grievance will be advanced to binding arbitration. E. Miscellaneous

1. Nothing in this Article shall be construed so as to deny the individual the right to seek redress by law.
2. Except for Level I and Level V, all grievance hearings shall be held outside of the teacher's normal work day unless mutually agreed to by the parties.
3. A grievance may be withdrawn at any level.
4. Failure by the administration at any level of this procedure to issue a written disposition within the specified time limit shall permit the grievant to immediately proceed to the next level. Failure by the grievant at any level of this procedure to advance a grievance to the next level within the specified time limit shall be deemed to be acceptance of the written disposition.

5. All grievances shall be filed at Level I unless the Association President and the Director of Human Resources agree to commence the grievance procedure at another level.
6. No reprisals of any kind shall be taken by or against any party of interest or any participant in the grievance procedure by reason of such participation.
7. No records, documents, or communications concerning a grievance shall be placed in the personnel file of any of the participants.
8. Contract recommendations are not subject to grievance procedure. However, the procedures leading up to the contract recommendation are subject to a grievance.
9. The parties may mutually agree, in writing, to extend any and all grievance timelines.
10. In the event a grievance is filed after May 15th in any school year, the parties shall attempt to process the grievance prior to the end of the school year. If the grievance filed after May 15th is not resolved prior to the end of the school year, the parties may mutually agree to hold the matter in abeyance to some mutually agreeable date but no later than the beginning of the second full week of the ensuing school year.
11. The teacher may meet individually or be accompanied by an Association representative at any hearing at every level of the grievance procedure. In the event a teacher chooses to have a grievance processed without representation of the Association through Levels I through IV, the teacher shall be liable for any expenses incurred in such processing. Even if the teacher does not want to be represented by the Association, the Association President **and the OEA Labor Relations Consultant** shall be informed of any grievance hearing, and the Association President/designee **and the OEA Labor Relations Consultant** has the right to attend the hearing.
12. The administrator or Board may be accompanied by a representative of choice at any hearing at every level of the grievance procedure.

ARTICLE 5-7 – TEACHER EVALUATION

(See Appendix C, D, E, F and Q)

(Does not apply to long-term substitutes)

A. Philosophy

The purposes of this teacher evaluation are:

1. To improve instruction;
2. To provide a systematic summary of the teacher's effectiveness by:

- a. Informing the teacher of his/her strengths and weaknesses;
- b. Indicating suggestions for improvement;
3. To provide an opportunity for the teacher to gain insight and share in his/her continuing evaluation; and
4. To provide a permanent account of the teacher's professional accomplishments.

B. Procedure for Observations

1. Teachers shall be evaluated in accordance with the following schedule:

	Minimum Observations Per Year	Timeline for Completion of Observations
All teachers with a provisional license	4	First 2 observations will be completed no later than February 1 st ; the last 2 observations will be completed no later than April 1 st
All teachers eligible for contract renewal with identified deficiencies in the last observation of the previous school year	4	First 2 observations will be completed no later than February 1 st ; the last 2 observations will be completed no later than April 1 st
All teachers eligible for continuing contracts	3	First 2 observations will be completed no later than February 1 st ; the last observation will be completed no later than April 1 st .
All other teachers with limited contracts	2 in year in which contract expires	First observation will be conducted no later than February 1 st ; the second observation no later than April 1 st
All teachers with continuing contracts	1 every third year	No later than May 30 th
All Building Assistant Teachers	1	No later than April 1 st

2. Observations will be conducted in accordance with the observation form (Appendix C or D). Observations of Building Assistant Teachers will be conducted in accordance with the observation form, Appendix Q. The last

observation to be conducted during the school year will also include teacher input reflecting various committees, organizations, activities, and conferences/workshops in which the teacher participated (Appendix E). These provisions will not apply to any teacher employed under a limited contract who commences or resumes employment with the District on or after January 1st. With respect to such teachers, one observation shall be completed no later than May 15th.

3. A copy of the written observation(s) shall be given to and discussed with the teacher within ten (10) working days following the observation. If any deficiencies are indicated on the observation form, the evaluator shall provide specific written suggestions pertaining to how the teacher can improve in those deficient areas. The teacher shall be provided a reasonable period of time in which to improve performance in the areas where deficiencies are identified. This shall normally mean that there shall be not less than four (4) weeks between the time a deficiency is identified to the teacher and the evaluator completes an observation which reflects that the teacher has failed to correct that deficiency. This does not preclude interim classroom observations.
4. If the evaluator and/or teacher is absent during the ten (10) working days following the observation, the time in which to convene a meeting to discuss the observation will be extended equal to the length of the absence of either party.
5. Evaluators will acquaint teachers with the criteria to be used for classroom observations and evaluations early in the school year. The goals or criteria by which teachers are evaluated will be determined by the evaluator and teacher cooperatively. If the teacher and evaluator cannot cooperatively determine goals and evaluation criteria, the evaluator can determine the goals and appraisal criteria.
6. Additional observations may be made at the discretion of the evaluator.
7. Three copies of the classroom observation form and Appendix E will be made; one to the teacher, one to the evaluator, and one to the Director of Human Resources who shall place these materials in the teacher's Central Office file.
8. The observation form will be signed by the teacher with space for teacher comment. The teacher's signature on the observation form does not indicate agreement with the observation but only that the teacher has seen the completed observation form.
9. New teachers will be observed early in the school year. The evaluator will advise the new teacher of the week in which the evaluator anticipates conducting the first observation.
10. The subheadings on the observation form are there as a guide or reminder to the evaluator of topics to be considered during the observation. Other topics may be included.

11. Observations will be made by the building principal, associate principal, assistant principal, immediate supervisor, and/or Central Office certificated/licensed administrative personnel.
 12. Through the Superintendent/designee, the teacher may request at any time additional observations/conferences with a different evaluator. The additional observations or conferences shall be considered in the overall valuation procedure and shall be limited to a maximum of two such requests per school year.
 13. Ratings of E (exceeds expectations), N (needs improvement), or U (unsatisfactory) require a narrative comment to explain the rating. If the evaluator observes areas which are marked N or U, specific recommendations must be written by the evaluator in the space provided on the classroom observation form.
 14. Each observation shall be at least thirty (30) continuous minutes in duration.
 15. No teacher shall be observed the day before or after a vacation or holiday.
- C. Self-evaluation may be implemented on a voluntary basis. These shall not be for administrative use and shall not become a part of the teacher's personnel file.
- D. The parties agree that compliance with this evaluation procedure shall satisfy and supersede the evaluation requirements set forth in ORC 3319.111. Only the alleged failure to comply with the procedural aspects of this Article is subject to the grievance procedure.
- E. Teachers who hold provisional licenses will be evaluated in accordance with the schedule and procedures set forth in this Article. However, the form used for those observations is Appendix F, which reflects the Pathwise Domains upon which the teachers will be evaluated for purposes of receiving a professional license.
- F. Procedure for Evaluating Teachers with Supplemental Contracts
1. Teachers with supplemental contracts will be evaluated in accordance with the supplemental contract evaluation forms, Appendix G (Non-athletic) and Appendix H (Athletic).
 2. The evaluator will be the administrator with direct knowledge (e.g., observation of performance goals/objectives; assessment of end product) of the teacher's supplemental contract performance.
 3. A meeting will be held with the evaluator and teacher prior to issuance of the supplemental contract to establish goals and objectives. Where applicable, the head coach/director will have input into the teacher's goals and objectives.
 4. The final evaluation will be completed within thirty (30) calendar days of the completion of the supplemental contract.

5. Teachers who voluntarily perform supplemental contract work shall not be evaluated.

G. Complaints Against Teachers

When a complaint is made concerning a teacher's conduct or other activities relating to the teacher's employment duties, the administrator shall encourage the complainant to discuss the situation directly with the teacher involved. An administrator will not use the complaint in the evaluation process or in any potential disciplinary action unless the administrator first informs the teacher, within a reasonable period of time (generally within ten (10) working days after the administrator receives the complaint) after the complaint is made, of the nature of the complaint and the parties involved. Anonymous complaints shall be given no credence. This provision does not apply to complaints involving alleged criminal conduct or child abuse complaints which will be the subject of investigation by a governmental agency.

- H. **The Board and the SEA agree that the provisions defined in Article 7: Teacher Evaluation shall be the official evaluation policy for all teachers during the 2012-2013 school year. The Parties agree that a new evaluation policy, consistent with the minimum requirements outlined in H.B. 153 and S.B. 316 shall be collectively bargained to mutual agreement between the Board and the SEA negotiating team during the course of the 2012-2013 school year. This new evaluation policy will be presented for ratification to the Board and the SEA membership no later than June 1st, 2013. The parties agree that during the 2013-2014 school year, the Association and Administration will meet quarterly in order to review, assess and, if necessary, refine the evaluation procedure as mutually agreed upon.**

(THE SEA AND THE BOE HAVE REACHED A TENTATIVE AGREEMENT ON THE EVALUATION LANGUAGE IN "H" ABOVE)

ARTICLE 6.8 – TERMINATION OR NON-RENEWAL OF CONTRACT

A. Termination of Existing Contract

Termination of a teacher's contract shall be according to ORC 3319.16 and related provisions .

B. Non-renewal of a Contract (does not apply to long-term substitutes)

1. Any teacher other than a long-term substitute teacher employed under a limited contract and whose regular teaching contract is not to be renewed shall be notified in writing on or before April 30th. For the purpose of this subsection, posting such notice in the U.S. Mail by registered or certified mail on or before April 27th to such a teacher's last known mailing address shall constitute timely "notice" to a member.

2. If the teacher is notified of the Superintendent's intention to recommend non-renewal, the teacher shall, upon written request filed with the Superintendent within ten (10) working days of receiving notice of the Superintendent's intention, be entitled to a hearing with the Superintendent. Upon request, the Superintendent shall provide written reasons to the teacher for the recommended non-renewal. Upon receiving the request for hearing, the Superintendent shall establish a mutually agreeable hearing date with the teacher and/or the teacher's representative. Such hearing shall be held within ten (10) working days of the receipt of the request. At such hearing teacher and/or his/her representatives may present evidence as to why the teacher should not be non-renewed. Within five (5) working days after the hearing, the Superintendent will issue his/her written decision regarding the employment of the teacher. If the Superintendent determines to recommend non-renewal, the teacher may request and shall be granted a hearing (public or private at the teacher's election) with the full Board before the Board acts upon the Superintendent's non-renewal recommendation. At such hearing the teacher shall have right to a representative designated by the Association.
 3. The parties agree that this procedure shall supersede and take the place of the provisions of ORC 3319.11 and 3319.111 with respect to evaluation rights and non-renewal rights of notice, and hearing.
 4. Only alleged failures to comply with the procedural aspects of this Article are subject to the grievance procedure.
- C. Notice of intent to non-renew shall not be given until the evaluation procedure (Article 5) has been completed. A teacher cannot be non-renewed if any of the evaluation procedure timelines found in Article 5 has been violated (does not apply to long-term substitutes).

ARTICLE 7-9 – TEACHER BACKGROUND CHECK

- A. In the event it is necessary for the Board to employ a teacher prior to having received the results of the criminal records investigation, that teacher's employment shall be contingent upon subsequent receipt by the Board of a report from the Bureau of Criminal Identification and Investigation (BCII) which is not inconsistent with the teacher's answers to questions on the job application.
- B. In such event, if a report is subsequently received from the BCII which is inconsistent with the teacher's answers to questions on the job application, the teacher shall be notified in writing. If the teacher does not deny the accuracy of the BCII report, the action of the Board employing such teacher shall be void without any further act by any party, and with the necessity of proceedings under ORC 3319.16 to formally terminate such teacher's contract of employment.
- C. If the teacher denies the accuracy of the BCII report, the teacher shall immediately be placed on leave without pay or benefits for a period of up to ninety (90) days. If within

that period, the Board receives a corrected report from BCII which is not inconsistent with the teacher's answers to questions on the job application, the teacher shall be returned to duty to resume his/her contract status in effect as of the beginning of such leave. If within the period of such leave the Board does not receive a corrected report from BCII which is consistent with the teacher's answers to questions on the job application, the action of the Board employing such teacher shall be void without any further act by any party, and without the necessity of proceedings under ORC 3319.16 to formally terminate such teacher's contract of employment.

ARTICLE 8-10 – RENEWAL OR RESIGNATION OF CONTRACT

A teacher offered a contract of employment or renewal of a contract pursuant to this Article shall execute and return such contract to the Board Treasurer/designee within fifteen (15) days after receipt of contract or eighteen (18) days after contract is sent by registered or certified mail. Failure to execute and timely return the contract as required herein shall constitute a rejection of such offer of employment. After execution of the contract by the teacher and receipt of said contract by the Board Treasurer/designee no teacher shall resign from such contract after July 10th unless released by the Board.

ARTICLE 9-11 – FILING AND MAINTENANCE OF TEACHING CERTIFICATES/LICENSES

- A. Each teacher shall be responsible for filing with the Director of Human Resources all certificates/licenses issued to the teacher by the Ohio Department of Education within fifteen (15) days of receipt of such certificate/license or at such other times as may be required by the terms of this Agreement. No right or privilege shall be asserted by a teacher by reason of any certificate/license not filed by the teacher as provided herein.
- B. As a condition of employment and re-employment, all teachers shall keep current and file with the Director of Human Resources all teaching certificates/licenses held at the time of initial employment by the Board and all certificates/licenses received after such employment. **New employees to the district shall be required to complete one (1) renewal of all certificates/licenses held at the time of initial employment. Thereafter an employee shall have the right to allow their certificate/license to expire in each teaching area (grades, program or subject areas) the teacher has not been assigned within the previous five (5) years.** If the teacher permits a certificate/license(s) to expire, without renewal, placement on the seniority list is waived for that area(s) of certification/licensure. It shall be the responsibility of each teacher to apply and qualify for the renewal of any certificate/license in a timely fashion and to file such certificate/license with the Director of Human Resources. ~~Each teacher shall maintain the teaching certificate/license for each teaching area (grades, program or subject areas) in which the teacher has been assigned within the previous five (5) years.~~

ARTICLE 10-12 – REDUCTION IN FORCE (RIF)

(does not apply to long-term substitutes)

- A. When the Board determines that for any of the following reasons it is necessary to reduce the number of teacher positions, a RIF shall be implemented:
1. Decreased enrollment of pupils.
 2. Return to duty of teachers after leaves of absence.
 3. Suspension of schools or territorial changes affecting the school district.
 4. Financial reasons. ~~Financial reasons are defined as a reduction in the school district's revenue from one fiscal year to the next.~~
 5. A decrease in funds for those positions funded in full or in part by non general fund monies (monies not in the 001 fund of the District's Appropriation) may result in reductions in said positions.
 6. Elimination of programs, course offerings and/or the number of grade level sections.
- B. To the extent possible, the number of teachers affected by a RIF will be minimized by not employing replacements for teachers who retire, resign or whose limited contracts are not renewed for reasons other than RIF. It is recognized that attrition alone may not be sufficient to accomplish necessary reductions.
- C. Reductions needed beyond those available by attrition will be made by suspending contracts. Before a reduction in force occurs for the following school year, the Board shall act on the contracts of **all** teachers who are eligible for a continuing contract **and all teachers who are eligible for a limited contract**. Teachers holding continuing contracts shall have more seniority than those holding limited contracts in the same area of certification/licensure. **No preference for seniority shall be given except when making a decision between teachers who have comparable evaluations as defined in Article 12, I below.** Once a teacher attains continuing contract status, he/she shall become more senior than other teachers in his/her area of certification/licensure who also hold continuing contract status and who have less seniority in the system. Those contracts to be suspended shall be chosen as follows:
1. All teachers (other than long-term substitutes ~~and Building Assistant Teachers~~) shall be placed on seniority lists in each teaching field for which they are certificated/licensed. Seniority shall be defined as the length of continuous service in the District.
 - a. A year of seniority for full-time teachers will be a minimum of one hundred twenty (120) days of service in a school year. All teachers employed on or before January 1, 1994, who have been receiving a year of service credit for at least 3-3/4 hours per day (or the weekly equivalent) for at least one hundred twenty (120) days per year shall continue to receive such credit on that same basis.

- b. Seniority for a part-time teacher employed after January 1, 1994, [i.e., a teacher whose contract requires him/her to work fewer than seven and one-half (7-1/2) hours per day] shall be pro-rated based upon time actually worked in the District, e.g., a teacher employed half (.5) time for at least one hundred twenty (120) days in the District must work two (2) years in order to receive one year of service. Any amount over 1.0 years will accumulate to the next school year, e.g., a teacher employed as a .6 teacher one school year and employed as a .6 teacher the next school year will have accumulated 1.0 year of service with the .2 year accumulation being credited to the next school year.
 - c. Seniority shall not be interrupted by authorized leaves of absence or RIF; however, a teacher on leave shall not accrue seniority while on leave or RIF status unless the leave is military leave or involuntary FMLA Leave.
- 2. Reduction in any area of certification/licensure shall be made from the bottom of the seniority list for that area of certification/licensure. A teacher affected may elect to displace the least senior teacher in another area of certification/licensure also held by the teacher. Prior to a mid-contract suspension, a limited contract teacher must be given at least ninety (90) calendar days notice of his/her RIF; a continuing contract teacher must be given at least one school year's notice of his/her RIF. **However, no preference for seniority shall be given except when making a decision between teachers who have comparable evaluations as defined in Article 12, I below.**
- ~~3. With respect to limited contract teachers only, factors other than seniority and area of certification/licensure may be used to determine those affected by a RIF if it is clearly demonstrated by the Board that the use of such a factor is necessary to achieve a recognized educational goal which could not be met by strict adherence to seniority and area of certification/licensure. Supplemental contracts that are not curriculum related are not such a factor.~~
- 43.** If two or more teachers have the same length of continuous services, seniority shall be determined by:
 - a. The date of the Board meeting at which the teacher was hired, and then by:
 - b. The date the teacher signed his/her initial limited contract in the District;
 - c. The date on which the teacher submitted the first completed job application within the two (2) year period preceding the effective date of the teacher's first teaching contract with the Board if the date is available;
 - d. If any ties remain after (a), (b), and (c), they will be broken by lot.

- D. The names of teachers whose contracts are suspended in a RIF shall be placed on a recall list until recalled for continuing contract teachers and up to sixty (60) months for limited contract teachers from the date of their reduction in force. Teachers on the recall list shall have the following rights:
1. No new teacher shall be employed by the Board while there are teachers on the recall list who are certificated/licensed for the vacancy **or who could be recalled to a different vacancy after the reassignment of existing employees to a vacant position for which they are certificated/licensed.**
 2. Teachers on the recall list shall be recalled in order of seniority in vacancies in areas for which they are certificated/licensed.
 3. **Seniority shall not be the basis for recalling a teacher, except when making a decision between teachers who have comparable evaluations as defined in Article 12, I below.**
 - ~~34.~~ If a vacancy occurs, the Board shall send a certified announcement to the last known address of the most senior teacher on the recall list who is qualified according to these provisions. It is the teacher's responsibility to keep the Board informed of his/her current address. Any teacher who fails to respond within seven (7) calendar days, or who declines to accept a full-time position, shall forfeit all recall rights. A teacher who declines a part-time position shall remain on the recall list.
 - ~~45.~~ A teacher on the recall list shall, upon acceptance of the notification to resume active employment status, return to active employment status with the same seniority, accumulation of sick leave and salary schedule placement as said teacher enjoyed at the time of RIF. Where group insurance policies permit, a teacher on the recall list who is unemployed and does not otherwise have group coverage available may continue to participate in those benefits which are provided to teachers in active employment provided the teacher pays the group rates for such benefits.
- E. The Association President shall be given the District's seniority list for teachers and administrators in each area of certification/licensure by February 1st of each year.
- F. No later than fifteen (15) calendar days prior to the effective date of a RIF, the Association President will be given a list of those teachers whose contracts are to be suspended in the reduction.
- G. The administration will provide letters of recommendation for teachers affected by a RIF, and will attempt to provide other forms of assistance, where possible upon the request of the teacher.
- H. During the 2012-2013 and the 2013-2014 school years only, the parties agree that the evaluations of members of the bargaining unit shall be considered comparable to one another for the purposes of the negotiated Reduction in Force. As such, the provisions**

of Article 10 shall serve as the procedures followed by the Superintendent and Board when making staff reduction decisions involving the suspension of contracts during the 2012-2013 and 2013-2014 school years only. Effective with the 2014-2015 school year, H.B. 153 and S.B. 316 will be fully implemented.

***(THE SEA AND THE BOE HAVE REACHED A TENTATIVE AGREEMENT
ON THE REDUCTION IN FORCE LANGUAGE IN "H" ABOVE)***

- I. For the purposes of this agreement Comparable Evaluations shall be defined as follows:**
- 1. Accomplished**
 - 2. Developing/Proficient**
 - 3. Ineffective**
 - 4. For the 2014-2015 school year only, any teacher who is deemed Developing in their performance evaluations but is rated Ineffective overall due to below average student growth data shall be considered Developing for the purposes of this Article.**

These activities may include but are not limited to professional workshops, all day or portions of a day professional development activities at the District, building, grade or department level. The decisions of the LPDC will allow flexibility in approving teacher professional development needs. 2. Special education teachers involved in IEP meetings that extend beyond the regularly scheduled day and extend beyond the thirty (30) hours of administratively-scheduled meetings allowed under Subsection A.2 above will be paid fifteen dollars (\$15) for each additional hour worked outside of the workday beyond thirty (30) hours. The additional compensation is contingent upon the special education teacher maintaining an accurate log of all meetings that the teacher was required to attend outside of the teacher's workday. The additional compensation will be paid in accordance with the normal payroll periods upon submission of the proper paperwork.

The prime factor, however, that will be considered in making original assignments or transfers, shall be the best interest of the students.

B. Vacancies

1. A "vacancy" shall be defined as any position remaining after any administratively-initiated transfer (including an additional class assignment) in the bargaining unit resulting from:
 - a. A teacher leaving employment as a result of termination, resignation, contract non-renewal, contract suspension, or death
 - b. A teacher being transferred/reassigned to another bargaining unit position
 - c. A teacher assuming a non-bargaining unit position

2. Any vacancy occurring after the start of the second semester of a school year does not have to be filled until the next school year.
3. All teachers shall have the right to request a transfer to vacant teaching or administrative positions in the District. Such requests shall be made by the teacher returning the Letter of Intent (sent out in February) to his/her principal by March 15th.
4. A list of vacancies will be posted in each building, listed on the web site and on the job hotline by April 1st with new vacancies added to the list(s) as they occur.
5. During summer vacations, written notice of teaching/administrative vacancies shall be posted in the Human Resources office and on the website and hotline. Teachers who wish to be notified of vacancies during summer months in a particular area or areas of certification/licensure must submit a letter of request to the Director of Human Services and will receive notification of vacancies.
6. Each vacancy shall be posted within five (5) calendar days after the Superintendent decides there is a vacancy, and then shall be posted for five (5) calendar days with the closing date of the posting stated on the posting.
7. Where vacancies arise, teachers who have indicated an interest in a vacancy in that area in their letter of intent will be promptly contacted, by telephone or in writing, to inquire of their interest in the position.
8. Teachers who wish to apply for a vacancy must submit to the Director of Human Resources a letter of interest.
9. The administration will review all letters of interest and letters of intent for specific positions to determine which meet the qualifications and criteria outlined in Section A.3 of this Article.
10. All internal candidates thus determined to be qualified by the administration will be given an opportunity to interview for the positions. All interviews shall be held within ten (10) calendar days of the close of the posting and there shall be a consistent District interview process. Internal candidates who are certificated/licensed for the position, shall be considered before hiring new teachers from outside the District. The final selection is reserved to the judgment of the Superintendent/designee.
11. Each teacher will be notified promptly following such interviews regarding whether or not he/she received the position.

C. Administratively-Initiated Transfers

1. Where possible, teachers will be asked to volunteer to transfer before teachers are transferred involuntarily. Wherever possible and for non-enrollment reasons, administratively-initiated transfers to be effective the following year shall be made by April 1st. A teacher receiving an administratively-initiated transfer shall be verbally notified by the principal at the end of the student day and shall also be informed by the principal, in writing, as to the specific reasons for the transfer. A teacher notified of an administratively-initiated transfer may request a conference with the Superintendent/designee within five (5) working days of written notification. This meeting shall take place within five (5) working days of the request for the conference. During such conference, the reasons for such transfer will be discussed and the teacher will have an opportunity to express any concerns regarding such transfer.
2. If a teacher receives notice of an administratively-initiated transfer after July 10th but before the beginning of the school year, he/she may elect to resign without the Board seeking suspension of his/her certificate/license pursuant to ORC 3319.15.
3. Each teacher receiving an administratively-initiated transfer shall receive a one-time allowance of \$150 to be used for individual educational materials and supplies that do not duplicate District materials already in the building. In addition the teacher may meet with the principal to discuss additional educational needs associated with the transfer.
4. Each teacher who is subjected to an administratively-initiated transfer shall receive credit for one day (6 hours) of professional development activities as spoken to in Article 11, Subsection A.7 (2006-07 school year) or as spoken to in Article 11, Subsection A.6 (in effect with the 2007-08 school year).

ARTICLE 14-16 – LEAVES

A. Sick Leave

1. Sick leave shall accumulate for teachers at the rate of one and one-quarter (1-1/4) days per month (15 total days per year) and on the basis of the percentage of the school day worked by any part-time teacher. All teachers will be advanced up to and including fifteen (15) days' sick leave each year if the teacher's sick leave is exhausted and the teacher requested an advance of sick leave days. If for any reason employment is terminated prior to the completion of a full contract year and the teacher has used more than the amount of sick leave he/she has earned, any excess shall be deducted from his/her final pay. If the sum is in excess of the final pay, reimbursement will be made by the teacher to the Board Treasurer. Each teacher's maximum accumulation of unused sick leave shall be unlimited.
2. Teachers may use sick leave due to personal illness, pregnancy disability, adoption (six weeks maximum) injury, exposure to a contagious disease which would be communicated to others, and for absence due to illness or injury in the teacher's immediate family which shall be defined for the purpose of this Article

as spouse, son (in-law), daughter (in-law), sister (in-law), brother (in-law), father (in-law) or mother (in-law), grandparent (in-law), grandchild, and any person who reared the teacher in lieu of his or her natural parent or parents, or other persons living in the teacher's household who are related to the teacher by blood or through marriage. When illness in the immediate family requires the use of sick leave exceeding four (4) consecutive days, the teacher shall provide to the Superintendent/designee written verification from a physician.

3. Absence due to death in the teacher's immediate family as defined above and including aunt (in-law), uncle (in-law), niece (in-law), and nephew (in-law), shall be limited to five (5) days, providing, however, that the Superintendent/designee may grant additional leave for good cause shown.
4. Application for sick leave to be used for anticipated medical treatment or anticipated medical disabilities shall be applied for as far in advance as is possible and shall state the anticipated beginning date of the leave, and the estimated duration of the leave so that appropriate plans can be made for obtaining a competent substitute. All teachers must endeavor to schedule routine or regularly scheduled medical, dental or optical examinations or treatments for themselves or their immediate family outside the regular school day whenever possible.
5. A teacher returning to work shall furnish a written, signed statement on forms prescribed by the Board to verify the use of sick leave. If medical attention is required, the teacher's statement shall list the name and address of the attending physician and the dates when consulted. If hospitalized for a period in excess of two (2) days, the teacher shall provide the Superintendent/designee, when requested, the physician's statement indicating that the teacher's medical condition is such that the teacher can resume all assigned duties. Nothing in this section shall be construed to waive the physician-patient privilege provided by ORC 2317.02 or the terms of ORC 3319.141 or ORC 3319.081 and ORC 3319.16 relating to falsification of statements. Teachers shall be notified monthly by paycheck notation of their accumulation to date and at any other time upon written request.
6. A teacher returning from sick leave shall be returned to his/her position. In the event a teacher is returning from extended sick leave [e.g., in excess of thirty (30) continuous work days], and (1) a qualified, certificated/licensed substitute is not available to fill that teacher's position, and (2) other teachers' assignments are readjusted to accommodate the leave, the teacher will be returned to either his/her original position or to the position ultimately filled by the substitute teacher.

B. Sick Leave Bank (does not apply to long-term substitutes)

1. A Sick Leave Bank shall be established from voluntary donations of sick leave days from teachers. Donated sick leave shall be added to the accumulated sick leave of the absent teacher and immediately deducted from the donating teacher. Donating teachers will use the Donation Form (Appendix N). Once a teacher donates sick leave to the Sick Leave Bank, it is irrevocable.

2. A teacher may use the Sick Leave Bank if he/she has met all of the following criteria:
 - a. All of his/her sick leave accumulation and any days of sick leave advancement (e.g., there are fifteen (15) days of advanced sick leave at the beginning of the year, and these fifteen (15) days of advanced sick leave are reduced at the rate of 1.25 days per month) must first be exhausted. If the teacher does not return from sick leave, any advancement of sick leave will be “replaced” by donations from the Sick Leave Bank.
 - b. His/her absence is due to a personal catastrophic illness or catastrophic illness of the teacher’s child, spouse or parent; accident of the teacher or the teacher’s spouse, parent, or child resulting in serious long-term injuries; or a serious long-term illness of the teacher/child/spouse/parent which prevents the teacher from performing his/her normal job duties. Sick leave bank usage is limited to forty-five (45) days per school year if use of the sick leave bank is due to catastrophic illness, serious long-term illness, or accident resulting in serious long-term injuries of the teacher’s spouse, parent or child.
 - c. The teacher has attached a written medical verification by a licensed medical doctor to the Application to Use Sick Leave Bank Form (Appendix O) explaining the reasons for sick leave in paragraph b above.
 - d. The teacher has completed the Application to Use Sick Leave Bank Form (Appendix O).
 - e. The teacher has applied for disability retirement, when appropriate.
3. The Association President and the Human Resources Director will be responsible for requesting donations and considering each Application to Use the Sick Leave Bank. In the event of disagreement, the Superintendent will make the final decision as to the eligibility of the applicant.

C. Family and Medical Leave Act Leave

1. An eligible teacher may take up to twelve (12) work weeks of unpaid leave (“FMLA Leave”) in any school year (August 1st through July 31st) for one (1) or more of the following circumstances:
 - a. The birth of a teacher’s child and to care for the child up to age one (1);
 - b. The placement of a child with a teacher for adoption or foster care, up to a twelve (12) month period after the placement;
 - c. To care for the spouse, child, or parent of a teacher when that family member has a serious health condition;

- d. The teacher's inability to perform the functions of the position because of the teacher's own serious health condition.
2. A "serious health condition" is defined as one that involves either inpatient care or one where the period of incapacity: (1) is more than three consecutive calendar days and involves treatment by a health care provider, (2) is due to incapacity due to pregnancy or prenatal care, (3) is a period of incapacity or treatment for such incapacity due to a chronic serious health condition, (4) is a period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective, or (5) any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider. Conditions for which cosmetic treatment are administered are not "serious health conditions" unless complications develop.
3. Spouses employed by the Board are jointly entitled to a combined total of twelve (12) weeks of FMLA Leave if the FMLA Leave is required for the birth or placement of a child or to care for an ill parent (but not parent-in-law).
4. To be eligible for FMLA Leave, the teacher must:
 - a. Have been working for the Board for at least twelve (12) months before the leave request (these do not need to be consecutive months); and
 - b. Have worked at least one thousand two hundred fifty (1,250) hours during the twelve (12) month period preceding the FMLA Leave.
 - c. Provide the Board with thirty (30) calendar days advance notice when the need is foreseeable and such notice is practicable. The form found in either Appendix I or Appendix J shall be used.
 - d. If the teacher's need for leave is not foreseeable, notice must be given as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case. It is expected that a teacher will give notice to the Superintendent/designee within one (1) or two (2) working days of learning of the need for leave, except in extraordinary circumstances. The teacher should provide notice to the Superintendent/designee either in person or by phone, telegraph, facsimile ("fax") machine or other electronic means. Notice may be given by the teacher's representative (e.g., spouse, family member, or other responsible party) if the teacher is unable to do so personally.
5. Sick leave taken in accordance with Article 14.A of this Agreement shall be counted as FMLA Leave if (1) the reasons for taking it qualify as FMLA reasons, and (2) if the teacher had been notified by the Director of Human Resources while on paid sick leave that the sick leave would also be counted as FMLA Leave.

6. The Board shall maintain coverage under the group health plans for the duration of the unpaid FMLA Leave at the level and under the conditions that would have been provided if the teacher had continued to work and not taken leave. The group health plans include hospitalization, major medical, dental, vision, and prescription drug. The teacher may opt to continue the life insurance coverage, but payment of the life insurance premium will be at the teacher's own expense. Payment of the teacher's required contribution toward the premium (if any) is due the first day of the month. Failure to make payment within thirty (30) calendar days will result in termination of coverage during the unpaid FMLA Leave.
7. For unpaid FMLA Leave the Board retains the right, at its own expense, to require the teacher to obtain the opinion of a second health care provider designated by the Board. If the second opinion is in conflict with the first, the Board may request, at the Board's expense, the teacher to see a mutually agreed upon health care provider to give a final and binding opinion regarding eligibility for unpaid FMLA Leave. The teacher and Board must each act in good faith to attempt to reach agreement on whom to select for the third opinion provider. If the Board does not attempt in good faith to reach agreement, the Board will be bound by the first certification. If the teacher does not attempt in good faith to reach agreement, the teacher will be bound by the second certification.
8. Intermittent Leave and Reduced-Work Schedule (use form in Appendix K)
 - a. Intermittent leave means leave taken in separate periods of time due to a single illness or injury, rather than for one continuous period of time, and may include leave of periods from an hour or more to several weeks. Examples of intermittent leave would include leave taken on an occasional basis for medical appointments, or leave taken several days at a time spread over a period of months, such as for chemotherapy.
 - b. When medically necessary, a teacher may take intermittent FMLA Leave or a reduced-work schedule to care for a spouse/child/parent who has a serious health condition. The teacher shall make reasonable efforts to schedule treatment so as not to unduly disrupt the regular operations of the Board.
 - c. Where FMLA Leave is taken because of birth or placement for adoption or foster care, a teacher may take leave intermittently or on a reduced-work schedule only if the Board agrees.
 - d. Where a teacher who is principally employed in an instructional capacity requests intermittent FMLA Leave or FMLA Leave on a reduced-work schedule, and where the teacher would be on FMLA Leave for more than twenty percent (20%) of the total number of working days over the period during which the FMLA Leave would extend, such teacher must elect either:

- (1) To take FMLA Leave for a period or periods of a particular duration, not greater than the duration of the planned medical treatment; or
- (2) To transfer temporarily to an available alternative position (if any) offered by the Board for which the teacher is qualified, as long as the alternate position has equivalent pay and benefits and the Board has determined that this alternate position better accommodates recurring periods of leave than the regular employment position of the teacher.

9. Return to Work

- a. At the end of unpaid FMLA Leave, the Board shall restore the teacher to the same or to an equivalent position with equal benefits, pay, and other terms and conditions of employment.
- b. When a teacher is medically able to return to work after using unpaid FMLA Leave because of a serious personal health condition, he/she shall provide the Board with a statement from his/her health care provider (Appendix L) that the teacher is able to resume the job functions for his/her position.
- c. Should a teacher not return to work at the end of the unpaid FMLA Leave or contractual leave that is adjacent to the FMLA Leave for reasons other than the continuation, recurrence, or onset of the serious health condition that gave rise to the FMLA Leave or for circumstances beyond the teacher's control, the teacher shall reimburse the Board for the health insurance premiums paid by the Board during the unpaid FMLA Leave period. A teacher shall be required to support his/her claim of inability to return to work because of the continuation, recurrence, or onset of the serious health condition. Certification from the teacher's health care provider shall be provided in a timely manner, and no later than thirty (30) calendar days after the claimed inability to return. If this certification is not provided in a timely manner, the Board may recover the health benefit premiums it paid during the period of unpaid FMLA Leave.

10. Leave Near End of Semester

- a. If a teacher begins any unpaid FMLA Leave more than five (5) weeks prior to the end of a semester, the Board may require the teacher continue taking leave until the end of the semester if (1) the leave is of at least three (3) weeks duration, and (2) the return to employment would occur during the three (3) weeks period before the end of the semester.
- b. If a teacher begins unpaid FMLA Leave for purposes of the birth or placement of a child or in order to care for a spouse/parent/child during the period that commences five (5) weeks prior to the end of the semester,

the Board may require the teacher to continue taking leave until the end of the semester if (1) the unpaid FMLA Leave is of greater than two (2) weeks duration, and (2) the return to employment would occur during the two-week period before the end of the semester.

- c. If a teacher begins unpaid FMLA Leave because of the birth or placement of a child or in order to care for a spouse/parent/child with a serious medical condition during the period that commences three (3) weeks prior to the end of the semester and the duration of the unpaid FMLA Leave is greater than five (5) working days, the Board may require the teacher to continue to take leave until the end of the semester.
 - d. When a teacher is required to take leave until the end of a semester and the teacher's leave entitlement under unpaid FMLA Leave ends before the involuntary leave period is completed, the Board is required to maintain health benefits and must restore the teacher and provide other FMLA entitlements when the period of leave ends. The teacher also accrues seniority while on this involuntary leave.
- 11. When a teacher is on unpaid FMLA Leave adjacent to the end of the school year, or on a leave mandated by the Board under 10 (above), his/her health insurance premiums and life insurance premium shall be paid by the Board during the summer vacation.
 - 12. All terms which are not defined in this Article shall have the same meaning as those terms defined in the Family and Medical Leave Act of 1993. If there are any inconsistencies between this Article of the Agreement and the Family and Medical Leave Act of 1993, the Family and Medical Leave Act of 1993 shall prevail.

D. Personal Leave

- 1. All teachers shall be granted up to three (3) days of non-cumulative paid leave each school year.
- 2. Personal leave shall not be used to extend holidays or recesses. However, personal leave before or after a holiday may be granted by the Superintendent/designee.
- 3. All requests for personal leave shall be submitted at least seventy-two (72) hours in advance of the day for which leave is requested, except in emergencies. In emergencies, the teacher shall call Substitute Services as soon as possible to advise of the intended absence. In these circumstances, the teacher shall complete a leave form upon return. The use of emergency personal leave is subject to the three (3) day limit as set forth in paragraph 1 above.
- 4. Personal leave requests must be made on the appropriate form (Appendix A).

5. Personal leave shall not be used in lieu of or be deducted from a teacher's accumulated sick leave.
6. Personal leave utilized in violation of these provisions shall be subject to disciplinary action.
7. Any unused personal leave days shall be transferred to the teacher's accumulated sick leave days at the end of each school year.
8. A maximum of two (2) days per affected teacher may be granted during any one (1) school year for religious holidays/holy days that are not recognized in the school calendar, and that prohibit the teacher from working on those days. When a teacher wants to use a day for a religious holiday/holy day that is not recognized in the school calendar, he/she shall request absence on that day by completing the Appendix A form found in the Agreement between the Strongsville City School District and the Strongsville Education Association. The affected teacher shall check the personal leave box on Appendix A, but shall also clearly indicate on Appendix A that this personal leave request is to participate in a religious holiday/holy day that is not recognized in the school calendar. As a result of using this application format, the teacher shall not have the day charged against his/her personal leave allotment for the school year, and this day shall also not count against personal leave for the purpose of the Merit Incentive for Attendance Award found in Article 37 of the Agreement.

E. Parental Leave

1. Parental leave without pay shall be granted to teachers who are the parents of a newborn, legal ward (guardianship), or adopted child. A parental leave shall begin at any time after (a) commencement of the pregnancy, (b) in the event of adoption, the receipt of custody, (c) upon completion of the period of maternal disability following pregnancy, or (d) any time before the child reaches age eighteen (18). Only one leave per child shall be granted, and the leave shall be taken only in one block. The date established for the beginning of such leave shall be determined by the teacher. Parental leave taken within twelve (12) months of the child's birth or adoption will count toward available Family and Medical Leave under 14.C above.
2. During the school year in which the parental leave commences, the teacher may take the leave for the balance of the school year or, where applicable, opt to return at the beginning of a grading period during that school year. At the teacher's option, parental leave may be extended for up to two additional school years. The extension of the second or third year cannot be a portion of a school year except when agreed to by the Superintendent/designee for extraordinary circumstances.
3. Application (Appendix M) for the initial parental leave shall be submitted as soon as practicable but at least thirty (30) calendar days in advance of the approximate starting date which shall be stated on the application. The application for parental leave may be cancelled by the applicant, with approval of the

Superintendent/designee, prior to its effective date. The application to extend the parental leave for up to two (2) additional years must be submitted to the Human Resources Office on or before March 15th unless the initial parental leave arises after March 15th but prior to the end of the school year; in such case, the application must be submitted on or before August 1st.

4. Teachers on parental leave who have exhausted their Family and Medical Leave may continue their hospitalization and other group insurance benefits for the duration of said leave providing they reimburse the Board through the Human Resources Specialist for premium costs.
5. Upon return from approved parental leave at the time set forth in the application for leave, the teacher shall be entitled to reinstatement preferably to the same position which he/she held prior to the leave, or if that position is no longer available or in existence, to as substantially an equivalent position as possible for which the teacher holds valid certification/licensure.
6. To be eligible for an additional parental leave (for a different child), the teacher must return to work for one (1) full school year between the parental leaves.
7. For purposes of clarification, sick leave for pregnancy disability is not the same as parental leave. The use of accrued/advanced sick leave for pregnancy disability after the normal delivery of a child is generally thirty (30) work days in the same school year.
8. While on a parental leave of absence, the teacher remains subject to contractual provisions regarding reduction in force.
9. A teacher who adopts a child may take up to six (6) weeks (or the amount of accumulated sick leave, whichever is less) of paid sick leave beginning with the date the teacher receives custody of the child.

F. Unpaid Medical Leave of Absence

1. When a teacher has exhausted accumulated sick leave and is still unable to return to work due to personal illness or disability, the Board will, as directed by ORC 3319.13 and upon proper application of the teacher, place the teacher on Unpaid Medical Leave of Absence. Such a leave will begin on the calendar day that the teacher has exhausted accrued sick leave and will be for not less than the balance of the current school year or current school semester whichever is shorter and for a maximum period of not more than two (2) consecutive school years in addition to the remainder of the semester during which it commences. While on Unpaid Medical Leave of Absence, the teacher ceases to accumulate sick leave. The Board will, however, pay its full share of all health insurances and group term life premiums falling due and payable prior to the end of the month during which the medical leave begins.

2. A teacher may request and shall be granted emergency short-term medical leave for a total period not exceeding thirty (30) calendar days and during that short-term leave, all health and life insurance benefits will be maintained by the Board. After returning from short-term medical leave of absence, the teacher shall be returned to his/her teaching position. The granting of any such short-term emergency medical leave shall be contingent upon the teacher providing a physician's certificate indicating both the necessity for such leave and the reasonableness of anticipated return within thirty (30) calendar days. Should the teacher in question be unable to return to full-time or part-time responsibilities upon completion of said thirty (30) calendar day period, the teacher must request regular Unpaid Medical Leave of Absence in accordance with the terms of this Article.
3. A teacher on Unpaid Medical Leave of Absence will be carried on payroll records as required by ORC 3313.202. A teacher shall be paid in full the balance due him or her in his or her last check with appropriate deductions made for federal withholding tax, city income tax, retirement contributions, insurance, dues, etc.
4. While a teacher is on Unpaid Medical Leave of Absence, such teacher will be given the opportunity of participating in all health insurances and group term life insurance programs by sending a check or checks to the Director of Human Resources/designee for both the Board's portion and the teacher's and family portion (when applicable) to cover the full cost of said insurance program(s). The Central Office will process all leave requests for insurance coverage. Thereafter, when a particular annuity company no longer receives deductions from any teacher, that company shall be deleted from the list of authorized companies until a total of twenty companies remain. Teachers who have annuities prior to September, 1995 will be permitted to have deductions made for any annuity company. If the number of annuity companies drops below twenty, new companies will only be permitted if at least three (3) teachers make application for the same company unless a teacher who had deductions to an annuity company prior to September 1, 1995 chooses to have deductions made to a new company.
3. Each teacher shall have the responsibility to determine that his/her payroll deductions for tax-sheltered annuities do not exceed the maximum amount provided in Section 403(b) of the Internal Revenue Code and regulations applicable to that Section, and shall not seek any payroll deduction in excess of that amount. The Board shall provide payroll deductions of dues for membership in the Association, the Northeastern Ohio Education Association, Ohio Education Association, and the National Education Association. Teachers will have an opportunity on an annual basis to enroll in the “cafeteria plan.” Any insurance premium payment made by a teacher will automatically be through the Section 125 plan without the teacher having to enroll to have his/her insurance premium payment be through the Section 125 plan. Any insurance premium amounts are not included in the \$3,600 medical expense reimbursement. The election to participate may not be revoked during the current plan year unless there is a change in the teacher’s circumstances (e.g., divorce, death of spouse, change in employment status including employment status affecting a spouse or dependent, birth or adoption of a child, a child losing eligibility for coverage, a court order requiring coverage, or other enrollment rights consistent with federal law). Pretax dollars set aside under this plan that are not used cannot be returned to the teacher, per Section 125 requirements. Details surrounding the Section 125 “cafeteria plan” will be provided on an annual basis at the time of enrollment and are also available through the Board Treasurer’s office.

- A. ~~The Board shall pay 9.3% of the teacher STRS contribution plus pick-up on the pick-up (i.e., an amount equal to the employer's and employee's contribution on this pick-up amount).~~—No state or federal taxes will be deducted on the amount of any teacher's contribution to STRS (the "pick-up") with the appropriate notations made on the individual teacher's W-2 form, **using the salary reduction method. The 9.3% actual pick up which was in effect in the 2010-2012 agreement shall be converted to salary by increasing the BA-0 Base salary in such a way that no employee experiences any reduction (no increase or decrease) in his/her effective salary amount or retirement benefit.**

- B. All calculations for per diem rates shall be based upon 184 days.
- C. All teachers shall be placed correctly on the indexed salary schedule according to their years of service and training and paid in accordance with that placement. No teacher as currently placed on the salary schedule shall be adversely affected by this provision.

- E. In order to advance beyond the Master’s Degree level on the salary schedule, all work taken must have been acquired from an approved (Ohio Department of Education) teacher training college or university. All course work must be of graduate level taken following the conferring of the Master’s Degree. Prior approval must be obtained from the Director of Human Resources and all graduate work must be earned in one’s teaching field or represent a purposeful pattern of teaching leading to a recognized advanced education degree or a higher level of teacher certification/licensure or lead to additional approved certification/licensure by the Ohio Department of Education.
- F. Each teacher who works part-time shall have his/her full time equivalency calculated by dividing the number of instructional minutes (defined for this purpose as student contact time) by the number of instructional minutes worked by full time teachers in the applicable building.

G. Salary Schedule Placement

1. Initial Placement – Teacher

- a. Prior to initial employment the administration and the individual teacher shall discuss how many years of prior teaching and/or military experience the Board is willing to recognize/grant for purposes of placement on the appropriate salary schedule. The administration has the authority to negotiate salary schedule placement for new teachers which may be greater or lesser than the statutory minimum of five (5) years. For purposes of negotiating initial placement, one (1) year of teaching experience means one hundred twenty (120) days in a single district as a regular teacher or substitute. In no event will the initial placement exceed actual years of experience.
- b. If a new teacher with five (5) or more years of experience is asked to accept placement on the salary schedule below the state minimum, he/she will be asked to sign a waiver (see Appendix P) relinquishing his/her rights to be placed on the salary schedule in accordance with state minimum standards (i.e., as a condition of employment, teachers may be asked to accept placement on the salary schedule below the state minimum standards which otherwise require recognition of at least five (5) years prior actual teaching and/or military experience).
- c. Teaching experience completed in other school districts must be verified in writing by the appropriate school official and filed with the Director of Human Resources. Failure to identify all years of relevant teaching experience at the time of initial application/employment shall preclude the teacher from later claiming the omitted years for purposes of placement on the appropriate salary schedule.

2. Recognition of Additional Academic Training

- a. Each certificated/licensed teacher who completes additional academic training which would qualify him/her for a higher salary bracket shall file, by September 15th with the Director of Human Resources, satisfactory evidence of completion of such training in order to be eligible for a move on the appropriate salary schedule during that school year. Upon receipt of the official transcript of grades indicating satisfactory completion of courses and/or degrees, the Director of Human Resources shall then certify to the Board Treasurer that the teacher qualifies for a change of salary classification. The Board Treasurer shall then immediately place the certificated/licensed teacher in the proper salary bracket in accordance with his/her academic training and experience and certify such salary, training, and experience to the State Board of Education. The Board Treasurer shall also send a salary notification to the certificated/licensed teacher and to the Director of Human Resources.

- b. Satisfactory evidence for purposes of the September 15th deadline can include the official transcript of grades indicating satisfactory completion of courses and/or degrees; a letter from the Registrar's office indicating additional training, provided the letter indicates that an official transcript will be furnished as quickly as possible; or on-line documentation with an official transcript to follow. No change in salary will occur until the official transcript is filed with the Director of Human Resources.
- 3. One Year of Teaching Experience – for Purposes of Advancement on the Salary Schedule
 - a. One year of teaching experience for purposes of appropriate salary schedule placement means a minimum of one hundred twenty (120) days of teaching in the District in any contract year for full-time teachers.
 - b. Any teacher employed as of January 1, 1994 who has been receiving a year of service credit for at least 3-3/4 hours per day (or the weekly equivalent) for at least one hundred twenty (120) days per year in the District shall continue to receive such credit on the same basis.
 - c. For part-time teachers employed after January 1, 1994, one year of teaching experience will be pro-rated (e.g., .5 FTE will require two (2) years of one hundred twenty (120) days or more in the same district; .4 FTE will require three (3) years of one hundred twenty (120) days or more in the same district) in order to receive one (1) year of service for placement on the appropriate salary schedule. Any amount over 1.0 years will accumulate to the next school year (e.g., a teacher employed as a .6 teacher one school year and employed as a .6 teacher the next school year will have accumulated 1.0 years of service with the .2 year accumulation being credited to the next school year).
- 4. Transcript of Credits and Teaching Certificates/Licenses
 - a. All certificated/licensed teachers new to the District must furnish an official transcript of credit; a copy of a valid, current teaching certificate/license for the subjects they are assigned to teach (or a letter from the college/university stating that all requirements have been met for certification/licensure) and a negative tuberculosis test result taken within ninety (90) days of employment.
 - b. These documents must be on file in the office of the Director of Human Resources prior to the first day of employment. It is the teacher's responsibility to supply such documents. Failure to supply such written materials may result in the Board Treasurer refusing to issue a salary warrant.
- 5. Renewal of Certificates/Licenses

Evidence of certification/licensure or proof of timely application must be on file with the Director of Human Resources before the start of the school year. The failure to do so will result in the withholding of pay until such documentation is filed.

- H. The BA base salary effective August 1, ~~2010~~ **2012**, through June 30, ~~2012~~ **2015**, shall be \$34,779 **except as adjusted by the changes prescribed in Article 37: SALARY AND SALARY SCHEDULE PLACEMENT (A).**

Also, the parties agree that effective for the 2011-12 school year only, no teacher will be advanced a step or a column on the salary schedule. Further, such step and column freeze for the 2011-12 school year shall not be made up or restored.

For example: a teacher who holds a BA+0 at step 5 during the 2010-2011 school year shall remain at BA+0 at step 5 for the 2011-2012 school year. The teacher shall resume normal step progression at BA+0 at step 6 at the start of the 2012-2013 school year.

Furthermore, a teacher who holds a BA+0 at step five for the 2010-2011 school year-and acquires a master's degree that would normally cause them to advance to a MA+0 at step 6 for the 2011-2012 school year, shall remain at a BA+0 at step 5 for the 2011-2012 school year. The teacher shall resume normal step progression at a MA+0 at step 6 at the start of the 2012-2013 school year.

This step and/or column freeze on the salary schedule shall automatically sunset on June 30, 2012. The resumption of the normal step and column adjustments for the 2012-2013 school year shall occur regardless of a rollover. **Effective July 1, 2012 there shall be no interruption, suspension or freeze of any step and/or column movement in the future.**

Further, any across-the-board increase granted to **the administration, leadership or** other bargaining units in the District shall also be applied as a percentage increase to the BA-0 Base salary of this Agreement.
